- 2018 **Summer Student Research Program**, *1 Mentee*, Faculty of Pharmaceutical Sciences, University of British Columbia.
- I was the primary supervisor of an undergraduate student (B. Ng), who conducted a research project on the costs of misdiagnosed asthma. I was the primary supervisor while he designed the study, analyzed the data, and wrote the paper. I am senior author of the resulting manuscript (Ng 2018).
- 2014-2015 **Undergraduate Student Research Award**, *2 Mentees*, Faculty of Forestry, University of British Columbia.
- I supervised two undergraduate students during a season of data collection. I helped develop and publish an independent research project with one of the students (Morrell 2016).
